YOUTH DEVELOPMENT SCHOLARSHIP

Developing leaders. Advancing peace.

"We need to ensure our children learn that the world can be a just place and that each and every one of them has purpose."

– Christopher Cutler

Christopher Cutler was a champion of the YMCA's mission with a deep understanding of the important role YMCA programs play to level the playing field for people of all ages.

Chris began his career at the YMCA Youth Employment Services in Burlington as a Job Developer/Employment Counsellor in 1992. When the opportunity arose to expand YMCA employment services in Hamilton, Chris took on the challenge and was promoted to Manager of Hamilton Employment Programs. Over his 13 years at the YMCA, Chris played a key role in the development, implementation and expansion of employment services, including the establishment of the Employment Services office on Main Street East in Hamilton, as well as the Career Cruiser, a mobile career centre that brought employment services directly to neighbourhoods and partners who needed them most.

Beyond his commitment to his work in the community, Chris is remembered as a person who deeply cared about others, his colleagues, the community, and especially children and youth who need assistance.

Chris believed strongly in seeding the roots of peace in young people – a passion that will be carried on through the Christopher Cutler Youth Development Scholarship in his memory.

Two awards will be presented to deserving young people in support of their leadership development, training or education, to help them reach their potential.
